Community Feedback on "Village Entity" sought

Over the past two decades as our community has grown, there has been a desire to have an Entry Sign, **Mango Hill Village** erected at the entrance of Kinsellas Road West. Despite this being a promise from the then Councillor back in 2004, for many reasons, this sign was not officially approved. Now as our community has expanded rapidly in the past 2 years with more developments to come, the Progress Association has encouraged all residents to consider themselves as members of the Village (see *September Mango Hill News*) and is seeking the support from the wider community.

At Wednesday's meeting a motion will be debated seeking community support for such an entry sign. If supported, a request will be forwarded to Councillor Julie Greer at Moreton Bay Regional Council requesting an appropriate sign be erected on entry to the Village along Kinsellas Road West. (see Josh Hood's letter on page 4)

A BIG THANK YOU FROM LIL BUCHANAN

From: Edith Buchanan
Sent: Friday, 18 October 2013 10:44 AM
To: admin@mangohillprogress.org
Re: 90th Birthday Celebrations

Dear Laurence,

Would you please put a 'thank you' in the next Mango Hills Progress Assn Newsletter from Lil Buchanan?

Lil would like to thank the Mango Hill Progress Association President, Laurence Christie and other representatives for coming to her party, for the well-wishes for her 90th Birthday and the lovely flowers. It was terrific to see her featured in the October Newsletter. Lil enjoys living in such a pleasant district.

Kind regards, *Edith Buchanan*

YOUTH GROUP

GOING WELL IN MANGO HILL

FROM FR DAN
(who is the local Anglican Priest at The Lakes Anglican Church.)

What better way to spend a Friday night than with 16 young people enjoying a sausage sizzle and cold drink followed by a lot of noise and games in the Mango Hill Community Hall?

There were plenty of worn out people by the end of the night (*especially the leaders*) with barely a moment to relax between playing high energy games. That being said, we all had a lot of fun.

The best comment was from one youth who said "*I am not sporty at all but I enjoyed running around playing all the games you had for us*".

Towards the end of the night we had a short talk about *respect*. The young folk shared what this meant to them and how they show respect to each

other. We also discussed reasons why they might choose to show respect, even when others are disrespectful towards them. The youth had some amazing insights and reflections to share.

We look forward to our next night on the 22nd November and would love to have you along. Cost is still \$5 and we will look after youth from Grades 2>12.

T2 LANE Gone By Christmas! says State Member

For a number of years, the Progress Association has advocated for the removal of the T2 Lanes along Anzac Ave between Kippa-Ring and Rothwell with State Member, Reg Gulley supporting this proposal, since taking office. In a news release last week, Reg Gulley stated:

"Motorists will soon experience additional capacity on Anzac Avenue between Kippa-Ring and Redcliffe following a decision to scrap the T2 transit lanes. I welcome the decision by the Minister for Transport and Main Roads to replace the transit lanes following a review into their effectiveness. The works will involve changes to line-marking and signage along Anzac Avenue and should be complete in time for Christmas.

Motorists and nearby residents will be informed prior to the start of works. The latest updates on road works and closures are available at www.131940.qld.gov.au

ANZAC AVE LANE EXTENSION NOW SOUGHT

As indicated to our State Member, removing the T2 Lane is but the first step and extending the 3rd lane on both sides to the full extent of the distance from Rothwell to Kippa-Ring must be the goal of TMR (Transport and Main Roads Dept) to effectively reduce congestion on Anzac Ave along the isthmus.

Reg Gulley has further advised that TMR engineers are currently considering design planning for an extension at the Rothwell end, (round-about to Gynther Road) but commitment on funding is yet to be considered. This may well be part of the Anzac Ave upgrade when constructing the Rothwell Railway Station for the Moreton Bay Rail Link.

Translink denies Bus Stop at Shopping Centre for 681 /682 Routes

Despite representations to both Translink and our State Member as well as assurances being received that the 681 & 682 Bus would stop on North Lakes Drive (outside the North Lakes Tavern at Westfields), this has not been approved in the latest changes to the Bus timetables announced on 8th November.

Progress Association Public Transport spokesman, George Mathieson stated *"it was unacceptable that senior citizens and those with disabilities are still being required to walk up/down a 300m incline, often with a heavy load, when other routes (688 and 689) stop at the North Lakes Tavern. (reinserted following representations to Moreton Bay Council.) We have already gone back to our State member to seek to have this decision reviewed"*, stated George who will continue to advocate for improved Public Transport at Progress Association meetings.

Moreton Bay Rail Link Update This Wed (20th Nov)

The Moreton Bay Rail project team will be providing members of the Mango Hill Progress Association with an update on the Moreton Bay Rail project at the next progress association meeting in November. The Project Director, *Mango Murphy*, will provide a presentation on the current status of the project, upcoming construction activities and how the community will be kept informed during construction of the project.

Project summary

In August 2013, the Department of Transport and Main Roads awarded a contract to Thiess to design and build Moreton Bay Rail project. The \$1.147 billion project is jointly funded by the Australian Government, Queensland Government and Moreton Bay Regional Council.

The project will deliver a 12.6 km dual-track passenger rail line between Petrie and Kippa-Ring, including six new stations at Kallangur, Murrumba Downs, Mango Hill East, Rothwell and Kippa-Ring. Pre-construction works are currently underway including survey and geotechnical works and preparation of the detailed design for construction.

Major construction is planned to start early 2014 and the rail line is planned to be operational by late 2016. More information is available on the project website www.moretonbayrail.qld.gov.au or by phoning the project team on 1800 096 821.

Teneale Boye (TMR – North Coast Region)

Association seeks Logical Sequence for Traffic Lights

The primary purposes for installing traffic lights on any road include to:

1. **Improve road safety**
2. **provide efficient movement of vehicles**

The traffic lights on the corner of the North South Arterial and Kinsellas Road West/Memorial Drive do **not allow for efficient north/south concurrent passage of vehicles from Memorial Drive to Kinsellas Road West** (greater than 50% of traffic destination) thus reducing movement of vehicles and lengthening delays over a 4 way intersection.

Since the new traffic lights were installed in 2010, the Progress Association has formally written to Moreton Bay Regional Council on two occasions with no success. This matter was again raised at the October meeting of the Progress Association and will feature in the media in the near future. The Association considers that the reasons given to change the sequence is logical and simple and safe and we cannot understand why it has not been accepted to date.

It is acknowledged that in coming years, traffic on the North South Arterial will greatly increase and as such, the most efficient method of moving vehicles in and out of the Mango Hill Village and past the North Lakes Colleges is essential.

JOSH ENCOURAGES "VILLAGE ENTITY"

From: Josh Hood

Sent: Tuesday, 12 November 2013

To: Mango Hill Progress Association

Subject: Mango Hill Village

This part of Mango Hill, north of Anzac Avenue where our Mango Hill News is distributed has been known to locals as "Mango Hill Village" since the first subdivisions in around 1979.

As a local who has lived here (in Winifred Street) for less than two years, I am always referring to this area of Mango Hill, as "Mango Hill Village", for it's wonderful, unique characteristics.

We will soon be moving into the new Park Vista development, which I see as an exciting new element to our village, particularly by opening up the waterside aspect of this little community and by bringing the opportunity for a distinctly larger voice on issues of local interest or concern.

Many of the unique local characteristics here enhance the quality of our lives

(I will number them), such as

1. the lack of through-traffic due to
2. the green belt which separates the Village from North Lakes, which was hard fought for by the
3. Mango Hill Progress Association, an advocate for environmental and community issues on our behalf, in close consultation with the community. The Progress Association also manages and care-takes of the
4. Community Hall which caters to many local groups and

5. Tennis court and basketball court.
The Progress Association also organises and fund-raises for many local causes and events

such as revegetation projects, koala conservation areas and the

6. Annual Christmas Tree Carols and festivities held in Danzy Buchanan Park.

7. The streets here in the village, enjoy a level of quiet that you cannot find elsewhere, and the natural environment is broken only once for cars for 360 degrees, providing a safe serene neighbourhood for children and families. The growing population in the Mango Hill Village, presents growing opportunities for our community to have a say on local issues and it is our unique identity of geography and name, "Mango Hill Village" that enhances our ability to identify as a community and take advantage of opportunities. One such upcoming opportunity being discussed with our local member is to introduce a

8. Neighbourhood Watch program dedicated specifically to the Mango Hill Village area.

Another upcoming opportunity is to formalise with council, the Mango Hill Village locality and erect signage such as "Welcome to Mango Hill Village" on Kinsellas Road West to replace the current Mango Hill signage.

Council has acknowledged that this is possible with the general consensus of local residents, which now includes a partly completed Park Vista residential community.

If one would love to instate our Mango Hill Village title as I feel that it opens up great opportunities for our community, tangible or otherwise. I encourage all residents and particularly the new residents of Park Vista to participate in advocating for the status of "Mango Hill Village" for our community as your support will be particularly influential.

You have the opportunity to discuss the proposal at the next Progress Association Meeting to be held on 20 November.

Regards, Josh Hood (Winifred St)

2013 MANGO HILL CHRISTMAS TREE 14TH DECEMBER DANZY BUCHANAN PARK

Planning is well underway with the Mueller Christian Church and the Mango Hill Progress Association working together to bring our community another wonderful Mango Hill Christmas Tree event.

Our fantastic KC's Fireworks are booked, the major entertainment is being planned by Kent Cheney and his friends and we look forward now to the support of the Mango Hill Village Community (including all our recent arrivals in the Park Vista Estate) to make this year the best yet.

CHRISTMAS HAMPER COLLECTION 7/8 DEC 2013 VOLUNTEERS NEEDED

The Mango Hill Christmas Hamper Program is a unique part of our celebrations for the Mango Hill Christmas Tree whereby Village Residents provide donations of "food/drink" which are then raffled off at the Mango Hill Christmas Tree. Our simple test is: **If You won a hamper, would it please You and would the quality impress you?**

Locals know that these hamper donations are used to defray the expenses of the rides, fireworks and celebrations of the night. Your

donations in the past has assisted Mango Hill to celebrate a season of joy and peace. Our community is happy to share and celebrate with their neighbours. The amount and quality of the donations was incredible, with 22 baskets being made up and raffled to the amazing number of visitors to the Mango Hill Christmas Tree. To see so many offering their hand to fellow residents, makes me humble and proud that I am privileged to share this neighbourhood with such wonderful people.

Ken Hatchman (Hamper Collection Organizer) - 0448 296 452 or 3203-1866

ORDER OF COLLECTION

SAT 7TH DECEMBER

(Meet at Mango Hill Community Centre at 9.00am)

MOVE NORTH UP Kinsellas Road West through each street (including Park Vista)

SUN 8TH DECEMBER

By Sunday midday it is envisaged the Team will moved into Park Vista Drive and move around the central area of the Park Vista community.

The Team will gladly accept donations of food and drink that you would love to win back in one of the many hampers we hope to fill up for the Mango Hill Christmas Tree Raffle. Tickets will be sold at \$2 or 3 for \$5 on the way around and also on 14th Dec at the Mango Hill Christmas Tree

2013 Mango Hill Christmas Tree Carols

FAMILIES HELP IN VILLAGE REVEGATON PROGRAM WITH REPORT FROM MHANLEG

(Mango Hill and North Lakes Environment Group)

Hi Laurence,

What a wonderful sight it was to see members of the community engaged in reclaiming a section of land on corner of Chelmsford Rd & John St on 9th November.

We had a great morning replanting an area with native plants over a two hour period. Local Winifred St Resident Alex Collins designed the site for some 162 plants which were planted by a team of enthusiastic planters, including families from the Village and volunteers from MHALEG.

above Alex Collins with wife Shelly and Children engaged in planting new Trees

Mr Chris McCarthy of Moreton Bay Regional Council was fantastic in his support in supplying the plants and digging all the holes for the volunteers to come along and plant rows of little trees and shrubs.

It was a great morning and a great turnout and was great for our group to be involved in such a community project. Mother Nature also came to the party later in the week to provide much needed moisture to help them on their way.

Future dates:

24th Nov - Cleanup of Dohles Rocks meet at 7:30am near the boat ramp

14th Dec - Bushcare meeting opposite the Mango Hill Community Hall at 9 - 11am.

For all further information please visit our Facebook site: Mango Hill & North Lakes Environment Group or email: mhanleg@gmail.com and we'll add you to our email list !

Other MHANLEG Activities over the past month.

Well it's been another busy month for the group, seems to be a lot going on!

We cleaned up Lake Eden, removing 8 shopping trolleys and 10 sacks of rubbish and then enjoyed a BBQ which was provided by Melody from the Lakeside Cafe.

KOALAS: We attended a meeting by the Moreton Bay Rail

Link project who have clearly listened to our suggestions with a project monitoring the Koalas affected by the rail line is providing some incredible results.

Kangaroos: The plan is to tag some of the Kangaroos in the local area so that when they approach a road, this will trigger off the electronic signs warning drivers to

'Slow down, wildlife crossing'.

The technology is there and just needs trialling. Alex Collins and I went out the previous Sunday and found where we believe was a Kangaroo crossing point on Kinsellas Road between the Anzac Memorial and the Lake. The site was deemed 'perfect' for the trial and all we need now is the funding which is estimated to cost between \$60 - \$80k. (We are engaged in talks with the Federal and State MP's regarding funding.)

Other Local Issues in which MHANLEG is involved with at this time include:

- **Petrie By-Pass Road Project** and
- **The Green Army** project for the North Lakes Reserve. (It is hoped that this Project will commence in the next financial year .

David Norman
(Coordinator) MHANLEG

North Lakes Mango Hill Neighbourhood Watch needs your Support

On Wednesday night, Mr Elvis Guzic, who is the State Director of Neighbourhood Watch in the Qld Police Service will speak to residents on how to rejuvenate the local North Lakes and Mango Hill Neighbourhood Watch Branch. This follows a period where it has been very difficult for the volunteers who have served for a number of years to continue without community support.

Below are some comments from Mr Ken Butler who been one of the few folk in North Lakes who has been consistent in his efforts to have Neighbourhood Watch continue in this community where the Mango Hill Progress Association supports the local Watch. **Some Comments:** Without rejuvenation/revamping the current NHW will not survive. My Reasons for general disinterest include:

1. Changed public attitudes since the traditional "over-the-fence" model was conceived
2. Disappearance of community "beat police officers"
3. Immediacy of individual electronic communication with Police
4. People cannot recognise the benefit of the organisation
5. Privacy issue and privacy laws
6. Peoples' competing time demands and more attractive interests elsewhere
7. Generational perceptions
8. Perceived failure to include people offering their services
9. Overly demanding and inefficient meeting cycle – Zonies' meetings 2 weeks before General meetings largely duplicating General Meeting discussions.

Ken Butler (Editor of Neighbourhood Watch Information Circular)

All intersted residents are encouraged to show their support by attending the Mango Hill Progress Association meeting on Wednesday night (20th Nov)

Footpath back in fortnight as Evergreen Development finishes (Stage 1) but Entry gives Concern to motorists

It is the prerogative and role of local Government to make decisions on developments in our community. It is however hoped that at times Council will listen to local advice or what many would consider, common-sense, even from lay people with no formal qualifications.

In the case of the entry/exit of the new Evergreen Unit complex with its 34 units and relevant vehicle traffic rate per day, the Progress Association raised direct concerns with Moreton Bay Regional Council back in January of 2011 as to why the Park Vista Drive Roundabout was not being used to channel traffic into and out of the Evergreen Unit complex then already approved for construction.

As construction continued, many in the community have also questioned why the roundabout was not utilised for Evergreen traffic. However, as Evergreen was given a Development Approval (DA) by Council, it is a case of the "die is cast".

It can only be hoped for everyone's safety, that no incidents will occur in the future, particularly given as traffic moving at normal speed through the western side of the roundabout will have to take care to allow vehicles to enter Evergreen and or exit its location. Traffic using Kinsellas Road West will need to take care at all times.

On timeframes, *One Sector* Director, Nick Ray has advised the *Mango Hill News* that Stage 1 will be completed by Christmas with landscaping of the lower and the footpath now imminent. The footpath will be back in public use within weeks. When Stage 2 commences next year, entry for construction vehicles will come via Muriel Street and Chelmsford Road. Nick Ray has given a further undertaking to remind all contractors of their responsibility in keeping vehicle traffic to local road speed and maintain safety at all times.

CRACKING WELCOME FOR AMY AND GLENN AS SES LEND HAND ON TREE FALL

Back in August, when Glenn and Amy Chapman accepted the offer of Local **U Hooker's Mango Hill Expert, Lee**

Doyle to inspect what was to become their new home in Muriel Street, Amy Chapman commented: *"We fell in love with the relaxed lifestyle of the place, including the trees. Despite almost being in the country, we are still so close to everything (shops beach etc)."* However, even in paradise, there can be shocks as Amy, Glenn and children Mickey and Lucas found out at 10.00pm on Saturday night (16th Nov).

Glenn continues: *"We thought it was thunder, but there was no wind, not even a breath of it and yet there was a general cracking and then the house shook as a large tree branch fell down onto the roof."* Talk about a shock. *"Yet despite the size of the trunk that fell (almost half of the tree), thankfully there was no real damage to the roof."*

We called the SES for help and next morning Volunteers came out to lend a hand. Now we have one big load to take away but wish to sincerely thank the guys from the **SES** who did a wonderful job taking down the tree foliage from the roof. They were simply fantastic.

Now we can give a belated but sincere welcome to Amy and Glenn, along with Mickey and Lucas and trust that the remainder of their time in Mango Hill Village will be a tad more relaxed than last weekend. Glenn has indicated his willingness to assist with the setting up of the tents for the Mango Hill Christmas Tree Carols and we thank him for that.

GENEVIEVE CATCHES THE "SPIDER" IN HER WEB

Usually it is the Spider that stalks its prey and given some patience will seek to make a catch. However, for Genevieve Mason, it was a case of biding her time and despite some experiences along the way, has made the catch of her lifetime. This is Genevieve's story.

Hi Laurence,

Our names are **Genevieve Mason and Terry Webb** ,(Spider to his Mates). After living in Melbourne some years ago, we bought a house at 31Chermside Rd in 2012 and now live here with our 3 teenage children Leteisha 14, Heidi-Lea 13 and Thomas 11yrs who love the Village. We like the way, folk are welcomed in the Mango Hill News. Terry and I have been together for 18 years and have known each other since we were teenagers. I wanted to announce to everyone that finally, after all these years, **Terry has proposed to me and we are engaged to be married at the end of September next year!**

I am so excited! It has been a difficult journey with my health problems over the years but we have managed to pull through. I am overjoyed that we will spend the rest of our lives living in this beautiful community in Mango Hill and I have attached a photo of Terry and I after he proposed. Kind Regards

GENEVIEVE MASON

Best wishes for a great life together in our Village!
