“No Through Road” to Link Lamington Rd to Anzac Ave by 2016/2017

Right: road works along Orana Complex in Lamington Rd

With the first of the Orana complex (104 units) coming on line in February 2015, and with the expected commencement of other developments along Kinsellas Road West by mid next year, Moreton Bay Regional Council is bringing forward plans for an alternative entry/exit point for the Mango Hill Village onto Anzac Ave by 2016/17.

The Mango Hill News has been advised that the Lamington Road Connection to Anzac Ave will be carried out in the 2016-2017 financial year to cater for both increased traffic and the coming completion of the Moreton Bay Rail Link. This link will form a section of the new Mango Hill Ring Road which is aimed to take traffic off Anzac Ave, giving access to the new Mango Hill East Rail Station across the way in the Capestone Community and then south to the Mango Hill Station on Halpine Lake.

Moreton Bay Regional Council's Principal Transport Planner, Richard McRae has advised the Mango Hill News that Council will make a presentation to a Progress Association meeting when more information on the detailed design and construction phases of this road project is finalized. This is likely to be around July/August 2015. The Association welcomes this offer.

The first stage of the new Orana (Villaworld) townhouse development should see occupation by February realising a further 500-600 traffic movements per day by end of 2015. Mr McRae has further advised that with traffic levels increasing significantly with further developments along Kinsellas Road, Kinsellas Road West from Lamington Rd to Light Horse Court will be widened by the year 2021.

A Villager himself, Josh Hood designed the Mango Hill Progress Association website and assists the Association in many ways.

Slipway gets a facelift as “Rail Crosses the Bruce”

Well done to State Member, Reg Guley who has come through with one of his promises to the Progress Association with the recent resurfacing of the southbound slip lane onto the Bruce Highway off Anzac Ave.

When some years ago, after much “prodding” by the Progress Association, the State Government finally modified a section of Anzac Ave to install this “slip lane”, the result, whilst better than the “lane to nowhere”, was a real embarrassment. With the very rough and uneven bitumen surface “rattling” the bolts of every vehicle using this section of Anzac Ave for over 4 years, Reg Guley on his election in early 2012, was set a number of challenges by the Progress Association, one being “to fix this road”.

Whilst it may not seem much, nor should have been necessary, it is now done and already our cars are “feeling so much the better” for the smooth surface and the newly lined section of Anzac Ave from North Lakes Drive down onto the Bruce.

Left: Reg Guley, Luke Howarth and Officers of Main Roads view maps of new road works associated with the Moreton Bay Rail Link, leading down onto the Bruce Highway where the new Rail Bridge now crosses over.

*We
Care for Kids*

Over 4 nights from 14 to 18 September, the huge concrete beams of the Freshwater Creek Bridge Crossing were placed across the Bruce Highway, in what appeared as a smooth and swift operation and completing one of the most significant components of the Moreton Bay Rail Link project which is now well ahead of schedule. With good signage, the great majority of drivers were able to use the Bray Road Detour, given access to and from Anzac Ave was closed off on these nights. Congratulations Team!

Let's Go a Waltzing with Matilda No More!

The PUMA TAKES OVER FROM MATILDA

No business has been more synonymous with Mango Hill, than Mango Hill Matilda.

When Alan & Carol Bishop set up Matilda in the very early 1990's, Mango Hill

was little more than an outpost of the Pine Rivers Shire on the "other side" (of the Bruce Highway), Anzac Ave was a single lane road from Rothwell through to the Bruce and North Lakes was still a dream. Mango Hill Matilda was our "Corner Store" where everything from fuel, food and then the Gold Lotto came along. Prior to Coles and Woolies Fuel, Matilda was our one and only "Local" and even took over the Post Box when the dual road was installed. In those days as it is now, Mango Hill Matilda has always a strong supporter of the Mango Hill Progress Association. We are assured that Mango Hill PUMA will continue to be a staunch supporter.

John Hamon, current Owner, tells us why Matilda is NO MORE.

Sent: Monday, 29 September 2014 4:12 PM

To: Laurence Mango Progress Assn

Subject: Matilda No More

Hi Laurence

*Just to let you know. An area Icon is no more! Matilda Mango Hill has been rebranded after about 6 weeks of refurbishing and is now **PUMA MANGO HILL**. Puma is rolling out its new image to most of the Matilda sites over the next few months including Narangba (known to most as "Chooks") and it already has a site at Murrumba Downs.*

*Puma is now the largest independent fuel retailer in Australia and operates in most States. At a local level the management and staff at Mango Hill are still the same friendly smiling faces - there has been no change of ownership. The difference is we have brand new pumps that are faster, lighter and easier to use as well as a new Point of Sale system that makes life easier for the customer. Each pump is supplied with all grades of quality fuel making the choice of pump easier to make. (AutoGas is still available at a separate pump). We even have PumaMax98 at every pump (98 octane). **And our fuel price is still very keen.** Over the years we have heard some of the stories involving Matilda Mango Hill and its locals including when people used to make a 'daytrip' via pushbike from Redcliffe to get an ice-cream, or when customers pulled in for a snack while on their way back from a fishing trip late at night when the lights were still on. We look forward to being part of the fast growing future of Mango Hill.*

John Hamon (Director and Owner)

Pathways Links Rose Street to Kids Playground!

Each year the Mango Hill Progress Association puts forward ideas and projects to our Councillor for budget consideration. For almost 30 years, this strong working relationship with our Local Council (be in the former Pine Rivers or current Moreton Bay Regional Council) has resulted in a great many improvements which have attracted many residents to our community, either to live or simply visit to use our fantastic sporting facilities and playground. Many of those ideas have come from residents attending Progress Association meetings and others arising from consultation between Council and this Association. The George Street Pathway project below was another idea put forward by residents. The Progress Association acknowledges and appreciates the support of Councillor Julie Greer and Council officers for approving and implementing this important link in the pathway program that is slowly but surely linking Danzy Buchanan Park to other sectors of the Village.

Well Done To Pathway Team

On Monday morning there were white lines on the ground and by Thursday afternoon a new pathway had linked the footbridge Rose Street Culvert to the Mango Hill Community Centre playground in Danzy Buchanan Park.

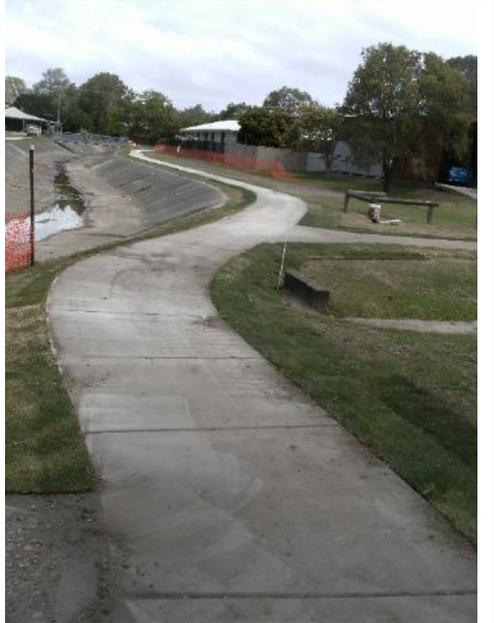

Left: The efforts of **Dave and Mich's Boys from QCG (Qld Civil Group)** who worked like beavers over the week, is much appreciated. They not only did a great job but were courteous and communicated well with neighbours. They also were willing to make those small amendments that made the job so much more

useful to the community. You were a pleasure to have in our community. Well Done Guys.

The Mango Hill Progress Association acknowledges and thanks **Councillor Julie Greer** for approving the Association's recommendation in the budget, as well as Council Officers, **Jade Christiansen and Sebastian Del Rosso** in accepting local ideas in designing the pathway construction. The pathway links Rose St, Mary St and the Mango Hill Community Centre to the existing pathways through and around Danzy Buchanan Park. It also includes vital links to the bitumen roads to allow easy access for little ones on bikes, parents with prams and those requiring wheel chairs access.

Those little amendments were golden and made for a great outcome for all. In addition to the pathway itself, all those ugly concrete sewerage manhole covers which jutted well above ground have been incorporated in fill to establish a much smoother and more aesthetically pleasing surface in the George St corridor as well as saving a few bruised toes that have occurred over the years.

Well Done and Thank You to All!

Moreton Bay Rail

OCTOBER 2014

MANGO HILL CONSTRUCTION UPDATE

Construction activity in Mango Hill is progressing well. Throughout October, work will include the following activities between the Bruce Highway and Kinsellas Road.

Freshwater Creek Road bridge

Bridge beams are now in place, allowing work to build the road over the rail line begin. This work will be undertaken throughout October and will involve a number of large concrete pours.

Concrete deliveries may be required ahead of the 6.30am daily start time. Advanced notice will be provided to nearby residents ahead of work activities. Vehicles, including concrete trucks, will access the bridge via gates on either side of Freshwater Creek Road.

Work to install tension anchors, bolts and 'soil nails' to retain the excavation will also continue on either side of the bridge and west toward the Bruce Highway.

Freshwater Creek rail bridge

Concrete pours are continuing for construction of the bridge piers and headstocks. Following completion of this work, bridge beams will be delivered and installed. Due to restrictions on oversized vehicle movements, concrete bridge beams will be delivered from 5.00am over two mornings on **Monday 13 October** and **Tuesday 14 October, weather permitting.**

Mango Hill station and access road

Work in the vicinity of the site compound and future Mango Hill station will include selective vegetation clearing, installation of drainage and relocation of services such as water, sewer, communications and power. Any disruptions to residential or business supply will be directly notified by the individual service provider.

Excavation and shaping of the rail corridor and earth embankments will continue between Mango Hill Boulevard East and the future Mango Hill station site throughout October.

Mango Hill Boulevard East bridge

Excavation is continuing at the end of Mango Hill Boulevard East where a new bridge will be built over the rail corridor. Additional traffic barriers will be installed at this location in early October.

Piling activities for the bridge foundations are almost complete, with steel fixing and concrete pours for various bridge elements scheduled throughout October. Concrete trucks will access the bridge site via the rail corridor.

Bruce Highway bridge

Construction of the new rail bridge over the Bruce Highway is progressing well with concrete pours for the bridge deck and throw-screen installation occurring throughout October. **On Friday 3 October**, the next concrete pour will occur on the Mango Hill side of the bridge. Concrete deliveries will begin from 5:30am and access the bridge site via Freshwater Creek Road.

Australian Government

Queensland Government

Moreton Bay Rail

OCTOBER 2014

Construction activities in Mango Hill

The majority of construction activities will be undertaken between 6:30am to 6:30pm, Monday to Saturday. Night work may be required where there are traffic or safety impacts. The community will be notified in advance of night activities.

Did you know the project team recently 'lit up' the new rail bridge over the Bruce Highway as part of the Go for Gold childhood cancer awareness campaign?

Project information

The Moreton Bay Rail project will deliver a 12.6 km dual-track passenger rail line between Petrie and Kippa-Ring, including six new stations along the route. Major construction is underway and the rail line is planned to be operational by late 2016, weather permitting. Thiess Pty Ltd was awarded the contract to design and build the project.

The Lawnton to Petrie Upgrade project will also be delivered as part of the Moreton Bay Rail project. The upgrade of the track between Lawnton and Petrie and additional work within the existing rail corridor is required to integrate the new Moreton Bay Rail service.

The project team thanks residents and motorists for their patience and cooperation during these important activities.

Subscribing to our e-newsletter is a convenient way to receive updates about the project and hear about work happening in your area. To subscribe, simply visit our website and look for the 'subscribe' link on the "Contact the project team" page.

Danzy Buchanan Park & Playground attracts Many!

Danzy Buchanan Park is a great credit to the joint efforts of the Moreton Bay Regional Council and the Mango Hill Progress Association and is rapidly gaining a reputation far beyond the borders of the Village itself.

On almost any day, there will be kids using the playground equipment, basket-ballers shooting baskets and racquets smashing balls around the Mango Hill Tennis Court. In addition, others are kicking soccer balls around the park whilst some skate/ride around the oval circular pathways.

It was not surprise during the week to see a bus roll up in Mary St East and off-load over 40 young kids from the local North Lakes College Vacation Care Group to spread out around the various sporting options whilst the adults went to work preparing a BBQ lunch for the hordes.

Supervisor, Cheryl Blair described the facilities as *“Brilliant! There is so much to do here with the basketball court, oval and playground with even well-kept public toilets. Whilst the facilities are well spread out, they also allow good supervision of the kids around the park. We come here every school holidays and love it here.”*

Progress Association continues to push for Post Box on Halpine

Despite a public campaign in the local press and years of lobbying by this Association, Australia post has stubbornly refused to install a Post box on the Southside of Anzac Ave, despite over 2000 homes being built in the past decade.

Recently, the Progress Association has redoubled our efforts by recommending the siting of Post Box in the new Mango Hill Central Shopping centre being built on corner of Halpine Drive and Anzac Ave. The Association has again written to our Federal Member, Luke Howarth requesting representation to the relevant Minister and presenting an economic argument given the number of people that will visit this centre daily and the difficulty of accessing facilities over at North Lakes Westfield’s. As one resident recently commented, *“it is only common-sense” (perhaps that is the issue)*

LIFE AND TIMES OF MANGO HILL RESIDENTS

Sam and Amy Restore “Heritage Fence” – Love the Village Life

One of the earliest houses in the Village was the old “Whitlock” house on the corner of Kinsellas Road West and Winifred Street with its old stone fence which had fallen a little into disrepair given the years.

New owners, Sam and Amy Harris who moved into the Village in early 2012 have now restored the old fence, rejuvenated the front garden and are proud to make Mango Hill their home with young sons, Levi and Will. *“It is really a great place and we are very happy here. This year we will be at the Mango Hill Christmas Tree which was a little difficult given young Will arrived at that time last year.”* stated Amy.

Amy and Sam Harris

Welcome to Mark and Nicole – Setting up House and Business

I (Nicole) and my husband (Mark) moved to Queensland last year from NSW and fell in love with Mango Hill Village.

We were married in September 2013 and built our dream home in the new area of Park Vista estate where we walk our beautiful puppy in the area every day. We have finally found somewhere to settle down, bring up our own family and start our new life in Queensland. Mango Hill Village is such a beautiful, safe, friendly environment. We were so welcomed by our friendly neighbours and have made friends for life.

My husband and I are so sure of our future here that myself and my business partner Tiffany have opened up a new Hairdressing salon in Kallangur on Anzac Avenue. We would love the support of our local community. We offer Haircuts for men, women and children, Hair colouring, foiling, Blow drying, formal and special occasion upstlying, Perming and setting, facial waxing and tinting. We have opening specials available now. Please call us on 3092-1302 for any enquires or to make an appointment. We look forward to meeting you, and hope to see you soon.

LIFE AND TIMES OF MANGO HILL RESIDENTS

Farewell to Carole & Bill Cassidy

For Carol and Bill Cassidy, leaving their May Street home in the Mango Hill Village was very difficult and only made with the knowledge that with advancing years, it was necessary to “down size” and find that smaller home that they could maintain more easily.

Originally from Victoria, Bill and Carole moved to Qld, initially to Bracken Ridge in 1995 for work in the Civil Construction field. “We quickly found this out of the way place in Mango Hill and never looked back” Bill quipped.

Bill and Carole have been strong supporters of the Mango Hill Progress Association over their time in the village have been avid readers of the Mango Hill News and commented on the way the Village has changed over those 20 years as well as seeing who is coming and going. This time, they are part of that history, but not forgotten.

When asked about herself, Carole smiled and quietly spread her arms to say. “We have two beautiful daughters and had wonderful neighbours in Jessie and Bill on one side and Graham on the other. They are simply wonderful people. What more do I want? But we won’t be going far and I will have a cup of Tea ready when they come to visit us”.

For the record, Bill and Carole will be just around in Deception Bay and looking forward to seeing their friends whenever they have the time to visit.

“I like Earl Grey” stated this reporter who has spent many a hour discussing local events over the years with two quiet unassuming folk who always accept life as it is. They will be missed indeed.

Welcome to Fern Violet Hourigan

Fern Violet Hourigan was not one for waiting another month (unlike her older sister Ivy Rose), to come out into the light. On a late Sunday afternoon on 14th September, Fern “stirred suddenly” and Dad (Mitch) made the mercy dash to North West Hospital at Everton Park with Mum Nikki, in time, but not much.

Above: Fern Violet Hourigan with Big Sister Ivy and Mum Nikki.

Congratulations to the Family and we wish you all a wonderful life together.

Mums Version of events.

Mitch and I are delighted to welcome our second daughter Fern Violet Hourigan into the world. Fern was born at North West Hospital on the 14th of September, weighing 5pounds 8 ounces. She was three weeks early and spent two weeks in special care, but we are thrilled to have her home and look forward to her joining her sister Ivy on our trips around the neighbourhood, checking out the parks and local wildlife.

Nikki Hourigan of Rose St West.

Playgroup just fantastic for little Zahra Learmonth – 1 Year old

From: Craig & Theoni Learmonth
Sent: Wednesday, 17 September 2014 8:13 AM
To: Laurence Christie - Mango Hill Progress Association
Subject: Zahra's Birthday

Hey Laurence,

This is a 1st Birthday message for our beautiful little girl Zahra, whose birthday we celebrated in the Mango Hill Hall on the weekend.

*"What a year it has been.
We have loved watching you grow
and learn new things and all the
love and joy you bring to our lives.*

Love from Mummy and Daddy"

Our Family:

My husband Craig and I moved to Muriel Street in Mango Hill just under a year ago and what a great community we have. It is a great place to raise a family with beautiful parks and lovely neighbours.

Just after we moved here, I was lucky enough to find **Busy Bees Playgroup Mango Hill** which is held every Wednesday at the Mango Hill Community Hall from 9.30 till 11.30. My daughter Zahra was only 5 months when I started taking her to playgroup. What a great way for her to makes friends and learn how to do different arts and crafts.

I would like to thank the Progress Association for letting us use the Community Hall for my daughter's 1st Birthday and Leisa from the Busy Bees Playgroup for letting us use some of the toys for the day.

Thanks

Theoni and Craig Learmonth (Winifred Street)

Jason Kubler wins in Sibiu Jumps 39 Rungs to 155

From: Jonathan Kubler
Sent: Monday, 29 September 2014 10:28 AM
To: admin@mangohillprogress.org
Subject: Update on Jason's Tennis Progress

Hi Laurence,

Just giving you a quick update on Jason's tennis progress. About a month ago, Jason left Australia to play some Challenger Tournaments overseas and has achieved some good results thus far.

First Jason went to Italy and played a couple of tournaments there. In Genoa and then Biella he made it to the quarterfinals. He then travelled to Trnava in Slovakia where he lost in the second round.

As shown below, last week in Sibiu in Romania he achieved his best result in winning the tournament. Jason has a few more tournaments to go before he returns, but we are proud of Jason's accomplishments, progress and his commitment to being the best tennis player he can be.

*Cheers,
Jonathan.*

KUBLER WINS BIGGEST CAREER TITLE

Jason Kubler's victory at the ATP Challenger event in Sibiu, Romania marks the 11th and biggest title to date of the 21-year-old's career.

Sibiu, Romania, 29 September 2014 | tennis.com.au | [Tweet](#) 37 | [Share](#) 195 | [+](#)

Jason Kubler's victory at the ATP Challenger event in Sibiu, Romania marks the 11th and biggest title to date of the 21-year-old's career.

Continuing the excellent form that has seen him crack the top 200 in 2014, Kubler beat Moldova's Radu Albot 6-4 6-1 in the final, dropping just one set all week en route to the title.

That came against seventh seed and former world No.27 Potito Starace in the semifinals; Kubler recovered to win 2-6 7-6(3) 6-0.

Earlier in the tournament, he ousted No.2 seed Albert Montanes 6-3 6-1.

The title in Romania has pushed Kubler up to a career-high ranking of No.155, a jump of 39 places.
