Mango Hill Station Unveiled

On 4th November, members of the Mango Hill Progress Association attended a media launch at the Mango Hill Rail Station. Also present were Luke Howarth (Federal Member), Chris Whiting and Yvette D'Ath (State Members for Murrumba & Redcliffe) as well as Councillor Julie Greer.

Before a plethora of media personnel, Deputy Premier Jackie Trad, with Federal Infrastructure Minister, Paul Fletcher & Mayor of Moreton Bay Regional Council, Allan Sutherland officially unveiled Mango Hill as the first station to be completed along the 12km line from Petrie to Kippa-Ring.

Minister Fletcher lauded the benefits of the \$960m Rail Project in taking the equivalent of 600 cars per train trip off the Bruce Highway when services commence in mid 2016. Mayor Allan Sutherland advised that the rail line was the largest infrastructure project in the Moreton Bay Region for over a decade, attracting jobs for local workers and retaining many more workers within the region, instead of travelling to Brisbane.

From left. Laurence Christie, Hon Paul Fletcher, George Mathieson, Federal Member Luke Howarth & Russell Bremner.

Cnr Anzac Ave & Halpine Dr, Mango Hill 4509

The Mango Hill MarketPlace

The Progress Association is delighted to announce that the Mango Hill MarketPlace will be the **Major Sponsor of the 2015 Mango Hill Christmas Carols**.

Director, Darren McMullen has indicated his confidence and support for the efforts of the Progress Association to promote Community Spirit at this wonderful period of Christmas.

With its central location on the corner of Anzac Avenue and Halpine Drive, the Mango Hill MarketPlace offers Mango Hill residents their own shopping precinct in a relaxed, open space environment with easy access and undercover parking.

Since opening in late 2013, the Management of the Mango Hill MarketPlace have continued to support local community activities including The Mango Hill Christmas Carols as the Major Sponsor and showing their willingness to work with the Mango Hill Progress Association on local issues.

The Mango Hill MarketPlace is managed by Sydney based Jackaroo Property Pty. Ltd. Ph: (02) 9976 1300.

The Association sincerely thanks Darren and his business colleagues at the Mango Hill MarketPlace and recommends these businesses for your consideration.

Media interviews Mango Hill Residents

Left: Russell Bremner, George Mathieson and Laurence Christie with Channel 7 News Reporter, Laura.

At the unveiling of the Mango Hill station, Progress Association Members, Laurence Christie, George Mathieson and Russell Bremner were interviewed by the media on benefits of the rail link to the community. George made the cut on **7 News** with his comments on importance of Translink improving Bus transport timetables and more

efficient pick up routes through the Mango Hill suburb. *"It's no point in having a railway if you don't have a decent bus service, one that travels through the community and not around it, if you want to get cars off the road."*

Below Russell Bremner is interviewed by ABC's Chris O'Brien ("Cobbie")

Moreton Bay Rail

Petrie to Kippa-Ring shared pathway

Cyclists and Pedestrians to Share Rail Corridor

It won't just be train carriages that will be heading down the Moreton Bay Rail Link next year, but also walkers, runners and cyclists. One of the most brilliant elements of the construction of the Moreton Bay Rail Link is the inclusion of a **parallel shared bike and pedestrian pathway** along the entire length of the rail track from Lawnton to Kippa-Ring. (similar to a pathway that runs parallel to Kedron Brook from Ferny Grove to Bowen Hills in Brisbane's inner northern suburbs).

This innovative concept has tremendous potential to not only add to the safety of many cyclists who use Anzac Ave each day, but will also encourage greater use of bicycle transport as well as encouraging the general public to exercise more, whilst enjoying the relatively unknown and unseen green fields of the Hayes inlet "hinterland", whether on a cycle, skateboard, scooter, using a wheel chair or pushing the pram. It will provide a fantastic incentive to exercise for everyone. **For more information:** <http://www.tmr.qld.gov.au/Projects/Featured-projects/Moreton-Bay-Rail/Publications.aspx#video>

Translink call for Residents to have say on Timetables

With the Moreton Bay Rail Link (MBRL) due to open mid next year, Translink is now seeking community feedback for the proposed Moreton Bay Rail Link timetable and also the changes to the supporting bus network. **You can provide feedback by:**

- Attending a community consultation session. The nearest one is on **Tuesday November 17 from 4pm to 7pm at the North Lakes Community Centre.**
- (other opportunities exist for **19 Nov at Rothwell Community Centre (9.00am to 12 noon) & the Kallangur Community Centre on Friday 20 Nov (9.00am to 12 noon).**)
- Completing the online survey. Click on the large MBRL "Have your say!" image on www.translink.com.au home page.

WHAT TRANSLINK IS PROMISING?

- More than 650 train services per week with high frequency trains every 6-12 minutes in morning and afternoon peak periods.
- Express services all day every day in both directions with Trains every 30 minutes in off peak periods and on week-ends.
- 55 minute journey times from Kippa-Ring to Central.

The proposed new timetable does show services every 6 minutes on weekdays from 6:46 am to 7:28 am inbound from Kippa Ring but there are only two instances in the evening where trains are 6 minutes apart.

While there are indeed express services on both the Caboolture and Kippa-Ring lines, the Caboolture line takes only 30 minutes to travel from Petrie to Central whereas it takes an extra 9 minutes between the same two stations on the Kippa-Ring line. This is because the Caboolture line runs express from Petrie to Northgate whereas the Kippa-Ring line stops at all stations, an extra 9 in total. Both lines run express from Northgate to Eagle Junction (missing Nundah and Toombul) and from Eagle Junction to Bowen Hills (missing Woolloowin and Albion).

Changes are also proposed for the 681 and 682 bus services. The 681 service, which previously provided morning and evening services between the Village and Petrie train station, will provide morning services from the Village to Mango Hill train station. The 682 service will provide services in the reverse

direction in the afternoon.

Progress Association calls for Management Plan for Halpine Lake

What potential Lake Halpine offers? To be able to walk, ride to the new Mango Hill station, or simply use the shores of Lake Halpine for recreation, provides a wonderful picture for locals and visitors alike. What benefits these activities would bring to this community if implemented. That is the challenge!

In response to a request from the Progress Association for a **Management Plan** for the Halpine Lake Precinct, in 2014 Moreton Bay Regional Council advised in writing that a Management Plan could not be carried out until the final design of the Moreton Bay Rail Link was known and implemented. With the unveiling of the Mango Hill Station on 4th Nov, (see Page 1), the final design of the Moreton Bay Rail Link, in respect of Halpine Lake, is now in place.

From its meeting on Wednesday, 18th November, the Progress Association will further write to Council to remind them of their commitment and call for the process of developing a master plan to be commenced in 2016.

This plan should be developed in consultation with relevant stake holders that will include local residents (particularly those who live

around the lake) and the Mango Hill Progress Association, which in the mid 1990s successfully argued against a proposal to drain the lake. Thankfully the Lake has survived and now forms the centre of a vibrant suburb.

The master plan could include the provision of community facilities such as **parks, bikeways, boardwalks and picnic areas** and how these would interface with the new railway station. A pathway around the entire lake, similar to that Lake Eden in North Lakes, would link with the shared pathway along the rail corridor and make the lake so much more accessible as well as attracting cyclists, skateboard, walkers and/or those with scooters, wheel chair or pushing the kids in their pram. Other considerations would include strategically placed pedestrian bridges and lighting. Some low scale business infrastructure may also be suitable.

The completion of an effective Management Plan for Lake Halpine (5.4h) will not only enhance the Lake for flora and fauna, but also encourage the public at large to enjoy the wonderful facilities it could offer.

2015 MANGO HILL CHRISTMAS TREE CAROLS 12TH DECEMBER (Danzy Buchanan Park)

Planning is well underway with the Mueller Christian Church and the Mango Hill Progress Association working together to bring our community another wonderful Mango Hill Christmas Tree event.

Our fantastic KC's Fireworks are booked, the major entertainment is being planned and we look forward now to the support of the Mango Hill Village

Community and our many friends from across the Moreton Bay Region.

CHRISTMAS HAMPER COLLECTION 5/6 DEC

The Mango Hill Christmas Hamper Program is a unique part of our celebrations for the Mango Hill Christmas Tree whereby Village Residents provide donations of "food/drink" which are then raffled off at the Mango Hill Christmas Tree.

Below are some comments from Ken Hatchman who coordinates the collection with his helpers and will come around to all Village houses on 5th and 6th Dec.

"We were amazed at the generosity of the residents of Mango Hill. Many families were waiting with their bags at the ready or had left for us as previously arranged. It was quite obvious that many wanted to be a part of this on-going tradition and the spirit of giving is here in our community. If you are new to our community, then we encourage you to donate a gift to this amazing program".

Locals know that these hamper donations are used to defray the expenses of the rides, fireworks and celebrations of the night. Your donation has assisted Mango Hill to celebrate a season of joy and peace. Our community is happy to share and celebrate with their neighbours. The amount and quality of the donations was incredible with 22-25 baskets being made up and raffled to the amazing number of visitors to the Mango Hill Christmas Tree. To see so many offering their hand to fellow residents, makes me humble and proud that I am privileged to share this neighbourhood with such wonderful people.

THANK YOU ALL for your generosity of spirit and Christmas cheer!!!
Ken Hatchman (Hamper Collection Organizer)

CAN YOU HELP! Volunteers are needed on the day with set up and pull down, helping in the "Food Tents" or collection of the Hamper donations.

VILLAGE CONTINUES TO EVOLVE AS VILLAGE PIONEER'S HOME MAKES WAY FOR 17 NEW HOUSES

in 1968, when Leon Morandy and his wife Gwen came to live on a couple of acres in the bush, Kinsellas Road West was a little dirt track (in what was then Kallangur East) with Kinsellas

Road West leading to only a handful of houses. The local Farmer, Mr Danzy Buchanan was growing sweet potatoes over Leon's back fence and the old Windmill at the front of the home was a well-known landmark, providing water from one of Neville Scells many water bores he dug in the local community.

Leon had a love for the bush and for weather Forecasting. He was a well-known contributor to the Bureau of Meteorology in Brisbane and across Australia. Over 4 decades he provided information on Long Range Forecasts for many publications, many of which are held in the National Library of Australia. Leon would also make a monthly contribution to the Mango Hill News when the Mango Hill Progress Association was established in 1986 up to time of his passing and rarely got it wrong when it came to what the weather would be like on a certain Christmas event or other Mango Hill planned event.

Sadly both Leon and Gwen have passed away and their old home along with the windmill will soon make way for 17 Units to be built by DAC constructions.

Across: Leon Morandy fought in WW2 on the Kokoda Track as a Signaller in one of the harshest and bloody battles of the War. On the occasion of 50th Anniversary of end of WW2, Leon sat down with the Editor and recounted some of the events of that eventful segment of his life before he met his Life Partner, wife Gwen who would often attend meetings of the Mango Hill Progress Association and take to the Dance Floor at functions.

Below, Article FROM THE MANGO HILL NEWS

MAY 1995

**ON THE OCCASION OF AUSTRALIA REMEMBERS
50 YEARS OF END OF WW2**

LEON MORANDY REMEMBERS THE WAR

Leon Morandy who has lived in Mango Hill for 28 years and contributes to the Mango Hill News every issue by way of his predictions for the weather, remembers when he was called up to serve in the Australian Army Forces on 30th of April, 1942, he was 18 years old.

Leon was trained as a signal man and was transferred to the Technical Maintenance Section in mid 1942. Because of the shortage of signal man in New Guinea, he ended up in the 6th Australian Lines Section. He and his section flew to Kakoda and commenced construction of the permanent lines of communication in New Guinea. Leon didn't see his family for over 18 months. Leon's section was renamed the 6th Australian Jungle Trunk Line Maintenance Section and set about constructing the overland telephone lines called the New Guinea Lines of Communication. He remembers many times when the Japanese bombed from P38 fighters. Leon admits he was petrified

for his life.

The conditions they worked in were quite primitive. He and his mates were 100 miles in the jungle and slept in huts. They worked from daylight to dark in mostly pouring rain and slush, carrying heavy copper telephone wires with them. Their rations were: Porridge for breakfast, half packet of dog biscuits, quarter small tin of cheese, third of tin of bully beef. He would go six months without seeing a fresh piece of meat or bread. Leon remembers when the phone rang at 9.00pm to say the war had ended. He promptly called Port Moresby to confirm that the information was correct! He then ran out into the jungle and fired a few shots into the air in celebration. Leon didn't get back to Australia until a few months after the war ended. Thank you Leon for sharing your history with us, hopefully, it may give us an idea of what life was like during the war time and we then can appreciate what Australia has enjoyed for 50 years this year - PEACE!

LEON MORANDY'S WEATHER WATCH

For once I hope to be wrong so that the Mango Hill Festival can be a fine day. However, May is already living up to my earlier predictions of being a wet month with widespread shower activity over the south east quarter of the state during the first 9 days of the month. Other times

in which rain is likely to occur are the 19 & 20th as well as 25th - 31st. Perhaps the rain insurance may be necessary??

HALLOWEEN SKATE NIGHT A BIG HIT WITH KIDS

Dear Laurence

I just wanted to say a BIG THANK YOU to the Progress Association for taking up the idea of putting on the Special Spooky Skate Night on 31st October, even if you had already put one on earlier in the month

THERE WERE SOME SCARRY FOLK AROUND INDEED!

It was a great night enjoyed by over 100 children and adults alike. It was so nice to see the community come together to make the night a success. It was just wonderful to see all the children, especially the little ones dressed up in their Halloween costumes. There will be great memories for the children of this community, memories that will

form the building blocks of happy and involved adults.

I want to thank all of the volunteers who made the night happen, for without their commitment and efforts, these events just wouldn't happen. I would also like to thank our sponsors and make special mention of my employer **Affinity Property Australia for the \$100 donation** which went towards the lollies bags.

I am now looking forward to the Mango Hill Christmas Carols which is another family favourite here in the Village.

Thank you again.

Mary Leslie (Alice Street)

"It was a terrific night for the kids"

FIFO "PEACH FACE" Lost & now Sent Home

On Saturday, around 3.30pm this little cutie landed on our deck.

He walked in the sliding doors obviously shaken and as soon as I put my hand out to it jumped up and climbed onto my shoulder and starting nibbling on my hair. (a very friendly, tame little bird.)

He was quite small and plumb, mainly blue and grey. The bird's wings were clipped but obviously still able to fly as our deck is quite high which makes me think his home was not that far away?

Originally this article was to find the owner, but thankfully due to a notice in my letter box, my little mate is now back with his owner in May Street. Should he turn up on your Verandah, call Laurence or email me on:

The Mango Hill Progress Association will have a "Stall" at this event to support 126 Army Cadet Open Day

126 AAC UNIT PARADES ON TUESDAY NIGHTS AT ITS OGG RD DEPOT.

Local Resident, Russel Bremner Advises on Rail Infrastructure Public Art Project

Mango Hill resident Russell Bremner of Mary Street, has played a key role in selecting the Artist who is painting the artwork to selected noise walls and bridge abutments along the new 12.6km rail corridor. Earlier this year, expressions of interest to undertake this massive project were sought. A *Selection Panel* was formed comprising representation from Moreton Bay Regional Council, Moreton Bay Rail Project, Queensland Rail, the Redcliffe Art Community and a Community representative. Russell was selected given his interest and experience in the printing industry. From nearly two dozen tenderers, David Houghton and his team were given the contract to install the agreed themed artwork. The locations chosen are high-traffic areas such as along the shared pathway where there was a strong potential for vandalism. The locations and themes include:

Where	Theme to be Painted
Station Rd., Lawnton	<i>the Ebert grapevines</i>
Petrie St., Petrie	<i>Nature</i>
Dohles Rocks Rd., Kallangur	<i>Local history</i>
Goodfellows Rd., Kallangur	<i>Fig tree leaves</i>
Mango Hill Blvd., shared pathway bridge	<i>ANZAC tribute</i>
Capestone noisewall Mango Hill East	<i>Modern/contemporary</i>
Rothwell retirement village noise wall	<i>Enviro/Indigenous</i>
Chelsea Street noise wall Kippa Ring	<i>Environmental</i>

- Our services include:**
- Interior House cleaning
 - Window & Exterior House cleaning
 - Carpet Cleaning
 - Handyman

**Contact Mango Hill Resident
 - Deborah Marler
 0405 293 827**

OUTCOME: Viewers will marvel at these very gifted artists who will leave us with some truly beautiful imagery of our local history and environment. The Art project is currently underway & is scheduled for completion by February 2016. Congratulations go to Russell on his presentation of the Art Project Master plans at the recent Progress Association and for his significant effort in assisting the Moreton Bay Rail Link Team to bring this project to a successful conclusion.
