Mango Hill Progress celebrates 1ˢᵗ Anniversary of Peninsula Rail Line

When on 3rd October 2016, our Prime Minister, Premier and Mayor cut the ribbon to open the Peninsula Rail corridor, the Mango Hill Progress Association was there to take that first Train Ride to Petrie. Whilst there have been some notable “hiccups” along the way, this new Train corridor has changed the lives of 1000’s of commuters each week, thus setting off a new chapter in the Public Transport routine of our Region. (See entre pages).

On the 1ˢᵗ Anniversary of that momentous occasion, “The Green Shirts” returned, taking the short but delightfully smooth ride down the Redcliffe Isthmus to Kippa-Ring on a public holiday to mark the occasion, returning to the Mango Hill Coffee Club for a “Cuppa” to mark a milestone that many residents over many decades never thought possible.

The Mango Hill Progress Association acknowledges the significant cooperation of all 3 levels of government, Federal, State and Moreton Bay Regional Council, in delivering this significant infrastructure project that is today, a model for other States to follow. If our Federal, State and Local Govt, could work together like this always, much more would be achieved for our nation.

Right: At the Kippa-Ring Station – From Left: Jean Mathieson, Gail Christie, Ken Hatchman, Paul Buchanan, Damian (Qld Rail), Laurence Christie, John Machin, Farah Machin, George Mathieson who below are displaying the Rail Corridor route to Kippa-Ring

NEXT PROGRESS MEETING
WEDNESDAY
18TH OCTOBER
(7.30 PM)

IF STATE ELECTION IS CALLED THIS MONTH, THIS MAY BE A “MEET THE CANDIDATES FORUM”
State Election Looms
Are You Enrolled in Your Current Home?

Should the Premier call an election for early November, then a “Meet the Candidates Forum” is likely to be held On a Wednesday Night prior to that Election Date.

Dual Polling Booth Approved for Mango Hill Community Centre

With the declaration of the new boundaries of the now 93 Electorates in the Queensland State Parliament (4 up from previous years), the newly created State seat of Bancroft is now official. Bordered in the south by the Mango Hill Village and North Lakes, this new electorate is located east of the Bruce Highway up to the Caboolture River over to Moreton Bay, excluding the Redcliffe Peninsula.

For 27 years, the Mango Hill Community Centre has operated as a Polling Booth for Local, State and Federal elections. Over those years, many electors from areas to the south of Anzac Ave, including Griffin have made our Community Hall their preferred Polling booth. Despite now being in the Electorate of Murrumba, those who live in these areas can continue to vote at the Mango Hill Community Centre due to it being a Dual Polling Booth.

CANDIDATES’ FORUM PLANNED

As in past years, the Progress Association intends to facilitate a “Meet the Candidates Forum”, at the appropriate time. This forum will include Candidates from both the Bancroft and Murrumba Electorates, given that border of the two electorates runs down Anzac Ave, with the suburb of Mango Hill split between the two electorates.

UPDATE YOUR ENROLMENT DETAILS:  If you are eligible to vote and have moved into the community in recent times, it is likely the Roll will close shortly after an election is called.  If you wish to enrol, then go to the ECQ (Electoral Commission) website at: http://www.aec.gov.au/enrol/

Note: if you live in Mango Hill or North Lakes and your enrolment is up to date, you can Vote at the Mango Hill Community Centre.
“Mango Hill”
Back on the Bruce

It may have taken 8 years, yet on 20th August, Main Roads returned the name of Mango Hill to a relevant point on the Bruce to direct road users to our rapidly expanding Suburb.

Just North of Plantation Bridge over the Bruce Highway

The installation of this sign and one just south of Bray Road Over-pass

(north bound), fulfils a promise made by then Acting Main Roads Minister, Steven Miles) back in July.

It has been a long campaign since 2006 when “North Lakes” replaced all mention of Mango Hill on signs approaching Anzac Ave from both directions. In 2010, the Progress Association was finally successful in having Mango Hill approved for one sign (2km out from Anzac Ave in both directions). Now after considerable many submissions covering historical links, safety and Mango Hill’s expanding developments (including our own Shopping Centre and two Stations on the Redcliffe Rail Line), The Acting Minister, Steven Miles approved the new signs at an appropriate location before the exit to Anzac Ave. We thank him for that recognition. Next Step: Perhaps a smaller sign closest to the Exit onto Anzac Ave. (One Step at a Time!)

Council Clears Channel to Drain Danzy Buchanan Park

It is a well-known fact that this corner of the Village floods regularly, due to its close proximity to Saltwater Creek and it being subject to tidal influences. Over a period of 30 years, the previously formed earth drains within the North Lakes Environment Reserve slowly silted up with material deposited following numerous rain events. In addition, thick undergrowth, including palm Trees and creepers took over. This has greatly restricted the flow of water from the main concrete drain through the Village, (via Danzy Buchanan Park, at the corner of Kinsellas Road West and Chermside Road) into Saltwater Creek. The Progress Association is grateful to Moreton Bay Council for this work being carried out and it is hoped that the additional work carried out further into the creek will promote better drainage of Danzy Buchanan Park. This will greatly benefit the community, leading to a dryer and safer corner of the Park following those rain events. (Ready in time for the Mango Hill Christmas Carols in December!)

Tree Down on Chelmsford Road:
Westerlies came late on 14th September, but were intense!
Great work by Moreton Bay Council Officers in removing this tree on corner of Ruby St within the hour of being reported. (particularly as Muriel Street was only one way at the time.) See a problem for Council - Report it on 3205-0555

MAJOR SPONSORS OF MANGO HILL PROGRESS ASSOCIATION
Missing Link for Mango Hill Ring Road Held up by Main Roads Dept.

As advised to readers of the Mango Hill News in past issues, Lamington Road is programmed to join up with Anzac Ave at the junction of Capestone Boulevarde and will form the missing link of what has been termed, the Mango Hill Ring Road which is designed to take traffic off Anzac Ave through Mango Hill and North Lakes.

For some years, the Mango Hill Progress Association has requested that this connection be constructed prior to the upgrade of Kinsellas Road West to provide an alternative way out of the Village and avoid the very situation which exists today with the Lighted ONE WAY Light Control system. The Mango Hill News has been advised that Transport and Main Roads Dept has not yet approved the designs for the connection to Anzac Ave. (See Map on Page 9)

Village Residents praised for Cooperation as upgrade of Kinsellas Road West continues

As such, BMD Constructions were required to upgrade Kinsellas Road West by using the One Way Lighted control system that controls the only way into the Village. Mr Guy Beresford, General Foreman of BMD, stated to the Mango Hill News: “I acknowledge the inconvenience on all motorists and sincerely appreciate the cooperation of drivers who have shown remarkable patience over recent weeks.”

Timelines:

- **POWER**: On or around 26 October, underground power cables will cut over without loss of Power to households. Shortly after the overhead power lines will be taken down to make way for road surfaces.
- **FOOTPATHS**: Footpaths will be constructed on both sides of Kinsellas Road West
- **2-WAY TRAFFIC**: will be returned to Kinsellas Road West by end of November (subject to weather)
- **Construction work on Roundabout on corner of Lamington Road may extend into 2018 if required.

Merry Christmas and a Happy New Year from all the team Century21 Agents. SMARTER, BOLDER, FASTER.
May Street Road Works go Underground as Residents Appreciate Council Efforts!

One has only to take a walk down May Street and view the significant drainage works, to come to an understanding of the complexity and costs of upgrading the streets around the original areas of the Mango Hill Village. Council Foreman, (Anthony) explains that the first 6 months are all underground and given the extent and depth of the concrete pipes, it is no wonder the Road Gangs need dry weather as much as possible.

May Street Residents, Mick & Brenda send their appreciation to the Council Works Crew with:

- From the very first day we have found all of the workmen have being very professional & very polite. I have not had cause to have any argument with any of the Guys. Well done and Thank You.

Mick’s words are echoed by Vic & Eileen Doherty who have nothing but Praise for the way in which Anthony and his Team are working.

If the rain holds off and allows the underground works to be completed, Anthony hopes to have the above ground works commenced in November with the project set to be completed by January/February. Perhaps there may be a BBQ for the Boys in Rest and Remember Park at the end of the Project?

---

Rothwell Intersection (a Roundabout No More!) as Lights set to Turn on this Weekend.

For Moreton Bay Rail Project Director, Mango Murphy, the transformation of the former Rothwell Roundabout to an upgraded Lighted Intersection will be his “swansong” this weekend as the new Traffic Lights are turned on. The Rothwell intersection project has been a joint Federal, State and Local Govt project (Cost of $37.5m) and will mark the last major component of the Moreton Bay Rail Line Project which has included major roadworks as well as its 12.6 km of Rail track from Petrie to Kippa-Ring. For Mango Murphy, it is a job well Done!

Back in 1990, with the Association, not yet four years active and North Lakes not yet conceived, the goal of providing a Tennis Court was but six months from fruition. As well, our desire for quality Public Transport to Mango Hill (and surrounding districts) was high on our agenda. By the time that first train arrived a quarter century later, some 35,000 residents had made Mango Hill & North Lakes their home and an already expanded Bruce Highway was “chokkers”. Despite years of frustrations and many disappointments, this Association and other community and business groups continued to lobby for “Rail To Redcliffe”, culminating in the signing of a 3 Tier Government Agreement by then Premier, Anna Bligh and Prime Minister Julia Gillard and our enduring Mayor, Allan Sutherland on 3rd December 2010.

The Mango Hill Progress Association has been pleased to have worked with Officers of the Moreton Bay Rail Link Project over the past 4 years and congratulates all who have played a significant part in delivering this long awaited Public Transport infrastructure project.

MAYOR SENDS GREETINGS

Subject: RE: Photos Of Mango Hill Progress Taking Train On 1st Anniversary Of The Peninsula Rail Line

Dear Laurence

Thank you for your email received 3 October 2017 regarding the first anniversary of the Redcliffe Peninsula Line.

It’s incredible to think it’s been an entire year since the rail line opened. Since it’s opening, the rail line has helped to connect more than 34 per cent of our region’s population to a train line for the first time, something that is certainly worth celebrating. It was really pleasing to read your email and see the members of the Progress Association enjoying your recent outing. Thank you again for taking the time to write to me and update me on the Association’s latest activities. I have requested a copy of the history book on the rail line to be provided to the Progress Association for your records.

Yours sincerely

ALLAN SUTHERLAND (Mayor)
MORETON RAIL PROJECT TEAM ACKNOWLEDGED

From the beginning, the Mango Hill Progress Association welcomed Officers of the Moreton Bay Rail Link Project as they sought to update and share information on the progress of this major project. Communication Officer Kelly Bentson was welcoming of questions and attended several Association meetings along with Construction 2IC, Graham Kerr (pictured with the Green Shirts on Opening Day, 3rd Oct 2016).

Graham Kerr with "Progress Team" on Opening Day.

However, specific acknowledgement goes to two Officers who played a major role in community participation, Mango Murphy and Karen Mooney.

MANGO MURPHY: PROJECT DIRECTOR RETIRES AFTER 45 YEARS - WITH THE JOB DONE WELL!

The Mango Hill Progress Association sincerely thanks Mango and his terrific Team at Moreton Bay Rail for the manner in which his Team involved and engaged our community both prior and throughout the period of the construction of the Rail Project.

Awarded the Public Service Medal in 2017, after 45 Years with the Qld Government, Mango led this Project with dedication and hard work, yet being prepared to take time to attend several meetings of the Association and update our members of the rail line’s progress. He was always willing to share ideas and welcomed community suggestions along the way. After a lifetime of building major Road Projects, including the Ipswich & Centenary Motorways, Mango retired last week with the “Job Complete”. The Association would like to wish him all the best for a successful, enjoyable, but no doubt active retirement, as relaxing may not be the Mango Way.

KAREN MOONEY: PROJECT COORDINATOR LEADS KOALA REVIVAL:

From the beginning, it was evident that there was a major focus on ensuring the best outcome for the Flora and Fauna of the Rail Corridor with the understanding and future preservation of the region’s Koala population as a priority.

Led by Karen Mooney, (a Scientist in her own right), the world-first Koala management program was undertaken by Moreton Bay Rail which is now being copied by other State Jurisdictions.

“Our Officers captured, examined and tracked 503 koalas, reducing the chlamydia infection rate across the corridor from approximately 20 percent to under one percent and reducing the wild dog predation from almost 50 in the year prior to construction to 1 in the final year of operation. I was proud to celebrate my 10-year anniversary with Transport and Main Roads in South East Queensland during my tenure on the project (2012-2016). The success of this program is the most exciting achievement of my career which has included roles within local government, TMR and several areas of the private industry,” stated Karen.

The Mango Hill Progress Association acknowledges Karen’s professional the significant efforts which have resulted in a very successful outcome for the local Koala population, which at the last report was growing by 6% per annum.

Over the project, Karen gave several stimulating and informative presentations to the Mango Hill community, on the many challenges facing the Koala along the line as well as the process of recording the separate “colonies” of the koala population numbers from Kippa-Ring to Petrie. It is hoped that Transport and Main Roads will recognize and utilize Karen’s professional talents, both in the Field and as a Speaker, expounding the wonderful successes of an amazingly successful project. Dibsey (above) and her many surviving Friends are the beneficiaries of her efforts.

AFTER HOURS JUSTICE OF THE PEACE

To find a “JP” in your community, go onto the Web.

1. Go to Internet Search engine (eg: Google) & type in: after hours’ justice of the peace Brisbane
   Scroll down to: “Search for an after-hours JP or Cdec | Your rights, crime and the law ...”
   Press Enter:

2. Type in: “Mango Hill” (or your suburb) - Type in: “4509” (or your postcode)

3. Hit “Search”. A list of JP’s in your area will pop up on screen.

Phone Numbers are displayed and you can call and request an appointment.

From myself: I am prepared to do House Calls FOR SENIORS should they be without transport.

Laurence,

After 39 years of living in the village, we have moved on to North Queensland. We have found a place on the Atherton tablelands which is as the Mango Hill Village used to be, to spend our remaining years. We wish you and all the Village People all the best.

Cheers,
Marion and Tony Hugill.

Editor’s Note: Tony and Marion came to live in Mango Hill Village in 1978 after having arrived from England in 1973, as they say, “the Last of the 10 Pound Poms”,

A 2011 diary Note in the Mango Hill News: “At that time, Kinsellas Road West was a rough dirt road and Ruby St was just two tracks through the long grass. Our Mail box had to be placed at the end of the road as there was not enough houses to warrant a delivery to the house. But we found the Village a great way to bring up our two boys and have seen many changes. It is still a great place to live!” (Tony Hugill – 8 March 2011)

Guess who is 50 on 18th October?

(Loves a Laugh! - has a daughter who drives fast cars and a hubby who drives old cars? & wants a leave pass from the next Progress Association meeting?? To have a party!)

Answer - Next Month!
